To join TiPS you need to be a past or present inmate, ward, parolee, probations, family member or friend to the aforementioned, and you register to vote (and vote when asked) if you are eligible to do so. For a complete detailed listing of our purpose and mission consult our Union Contract.

Memberships begin at \$5 per month (paid quarterly), as the Silver Plan. The next level is \$15 per month (paid monthly), as the Gold Plan. All plans establish voting rights for members on TiPS issues. Each plan carries with it different benefits and opportunities such as access to writs.

The strength of our efforts depends upon our ability to finance voter education campaigns and build a broad membership foundation. However, in recognition of there being some indigent inmates, and our unwillingness to turn away any inmate due to their inability to pay, we also allow membership payments to be covered by being sponsored by a family member or friend, stamps, getting others to join as paid members, performing legal research, writing articles and engaging in outreach efforts to the media and community organizations relative to TiPS engagement. Indigent members must provide a copy of their trust fund statement and write “indigent” in the upper right corner of the Statement of Membership.
